FINANCIAL AID

We ask you to consult your band council or even the school institution from your community to verify your eligibility for financial aid. They can check with you to see to what you are entitled.

If you do not have access to financial support from your community, the CEGEP puts a service at your disposal at the Val-d'Or Campus that informs you about the Quebec government financial aid program in addition to accompaniment in your process to get loans and bursaries. Please consult the calculation simulator at www.afe.gouv.qc.ca to know the amount that the government could grant you.

For information: **1-877-643-3750** or **1-888-345-4505** (interactive telephone service).
